1. A. IN A FEW SENTENCES, PLEASE DESCRIBE THE INITIAL SCOPE OF YOUR PROJECT.

B. DID YOU MODIFY THE SCOPE OR THE BUDGET AT ANY TIME DURING THIS PROJECT? IF SO, PLEASE EXPLAIN.

AWP will provide five (5) construction training academies for forty-two (42) rural youth aged 18-24 for basic employment as welder helpers in entry level jobs associated with pipeline construction. These training events will serve 4 regions of rural Alaska; Delta region, St. Mary's region, Western and Southwestern Alaska.

2. A. HOW MANY PEOPLE DID YOUR ORIGINAL PROPOSAL INTEND TO TRAIN?

A WP will provide training academies for forty-two (42) rural youth aged 18-24 for basic employment as welder helpers in entry level jobs associated with pipeline construction.

B. HOW MANY PEOPLE DID YOU ULTIMATELY TRAIN? PLEASE ATTACH A FINAL LIST OF PARTICIPANTS, THEIR COMMUNITY, CERTIFICATION AND WHERE THEY ARE EMPLOYED. Forty-six (46) persons received training. See attached: Persons Trained

C. IF THERE IS A VARIANCE BETWEEN ORIGINAL AND FINAL, PLEASE EXPLAIN. Four additional people were able to be trained without additional costs.

3. PLEASE TELL US ABOUT LESSON(S) LEARNED DURING THIS PROJECT.

One certainty related to training in Alaska is that things will change and the unexpected often becomes reality. The success of our training events reflects the ability of our training and support staff to make last minute modifications as needed.

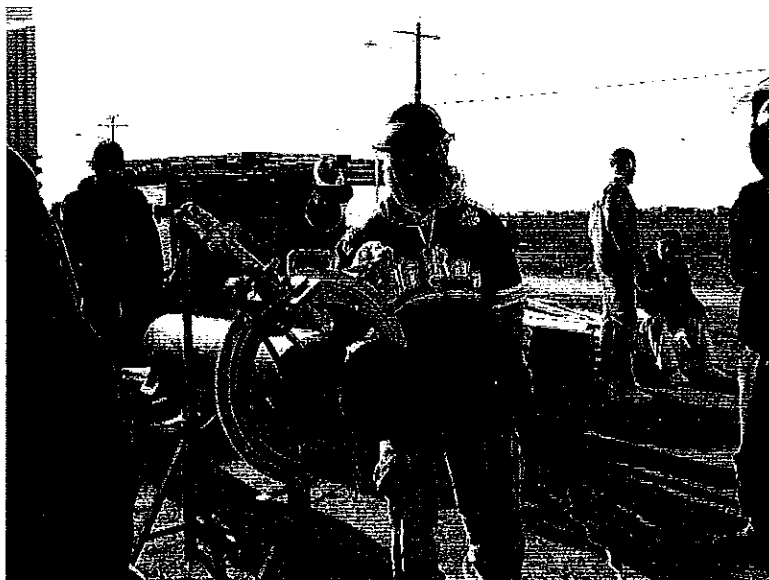

4. PLEASE PROVIDE A MINIMUM OF ONE SUCCESS STORY FOR THIS PROJECT.

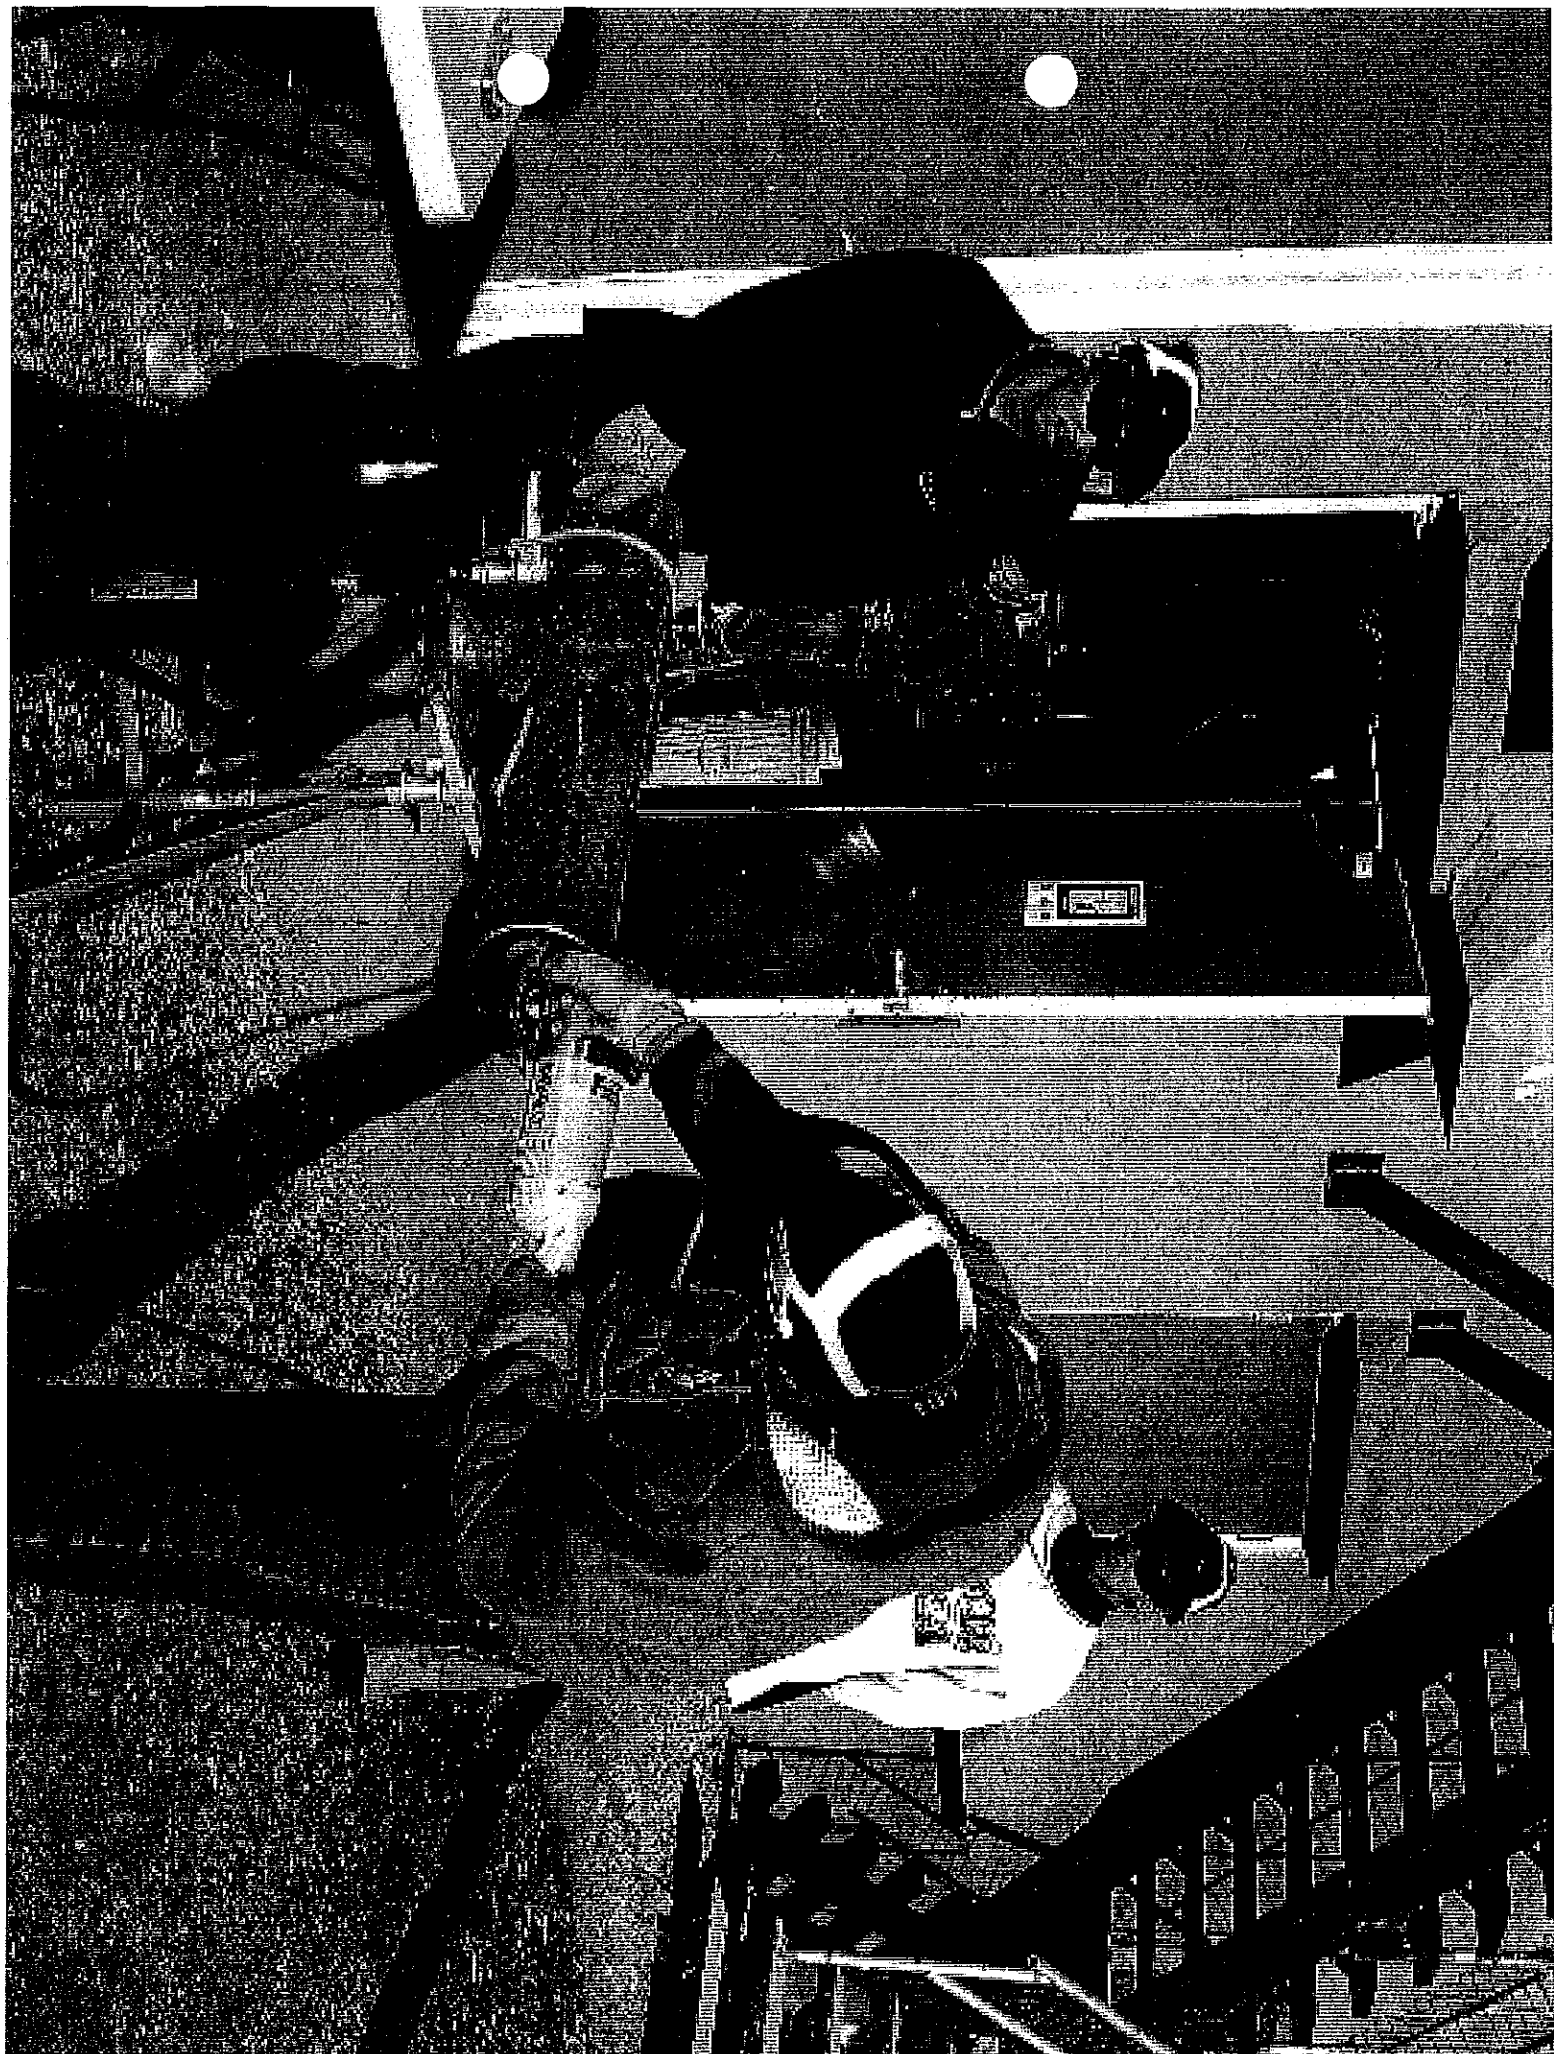

Kenneth McIntyre grew up in Tuntutuliak Alaska. He graduated from Mt. Edgecumbe high school in 2007. Kenneth received a strong foundation in welding at MEHS under the direction of his experienced teacher, Allen Puckett. In September of 2007, Kenneth attended the Denali Youth - Pipeline Construction Careers training for Welder's Helper in Bethel Alaska. The Welder's Helper training included welders helpers skills, NSTC, Osha 500, and drug and alcohol awareness. Kenneth completed the training with 100% attendance and was recommended by his instructor to apply for the pipeline training in Fairbanks one month later. Kenneth completed the two week pipeline training and later was employed by Price Gregory on the North Slope as a welder's helper. Kenneth said, "The training I received was really good. The cold work training I did in Fairbanks was really good preparation for what I was doing on the North Slope. I felt really well prepared." Kenneth is expecting to go back to work for Gregory Prince in November of 2009.

Also, Kenneth did apply for Fairbanks Plumbers and Pipefitters in November of 2008 after attending training. The Alaska Works Partnership Apprenticeship Outreach Program assisted him with travel to apply and interview, and coached him with interview skills. He was not selected at that time, but did rank well, especially for his first time applying for such a competitive program. Hopefully next time around after more work experience he'll be selected.

5. PLEASE ATTACH A FEW PHOTOS WITH DESCRIPTIVE CAPTIONS.

THE PICTURES BELOW SHOW 7 PARTICIPANTS OF THE DILLINGHAM WELDER'S HELPER TRAINING WHICH WAS CONDUCTED IN AUGUST 2008. IN ADDITION TO WELDER'S HELPER TRAINING, PARTICIPANTS WERE TRAINED IN OSHA 500, NSTC, AND DRUG/ALCOHOL AWARENESS.
